

Criteria Checklist for Nga Kura and school involvement

For school management to discuss, fill in and send to JSU administration when applying to participate in the Jade Speaks Up (Aotearoa New Zealand) project.

When children make disclosures teachers and management of schools need to know that they and their students will be kept safe. Some smaller schools are in isolated places or others are within very busy centres where personnel for police and support agencies are not readily available. This document outlines the types of support that schools will need to have in place before becoming part of the Jade Speaks Up (Aotearoa New Zealand) project.

Please use this document as a discussion starter between staff and management to help you make decisions about your levels of safety at school, at home and out in the community before applying to become part of the JSU project, because we know you will have some disclosures as a result of the programme.

It is mandatory for all schools to **return this document to the JSU administration team**, info@jadespeaksup.co.nz completed with the appropriate information, prior to signing an MOU for participation so we can help to keep you and the children in your care safe.

Thank you for your understanding.

-
- Name of school:
 - Main contact person details including email and phone numbers:

 - Number of classes/ students / teachers in the Y5-8 cohort
